

April/May 2020

COVID-19 ANNOUNCEMENT

Ann Cape, Bela Ivanyi, Chris Gentle and Daniel Pata whose exhibition, *REFLECTIONS OF AN ANCIENT LAND: The MacDonnell Ranges*, was originally planned for this month have requested their show be re-scheduled to a yet to be determined date.

Three of the four exhibitors are already in self-isolation because they are in the “at risk” category, health wise, and were not able to deliver the work to the gallery.

For the current future, and in negotiation with our artists, scheduled May through to December exhibitions are currently postponed until such time as we are all given updated advice on how to proceed under changed local and global circumstances.

How long this continues is uncertain, our priority is to our represented Artists and Associates, and we are moving online as fast as the developers can set us up with the SSL secure payment and the option to pick up from the gallery, arrange delivery for you, or have us store your purchases in our gallery for later collection.

Under the one person to four square metres guide our galleries can accommodate 35+ people comfortably.

In view of the recent Government announcement we have made a decision to be **Open by Appointment** only for the immediate future.

Your continued support of artists at this time is appreciated.

Appointments can be made directly on 02 8095 9678 or 02 9519 9677, or by email using the link found at the bottom of our website.

We wish everyone of you all the very best in the foreseeable future and to take care, and especially be patient and kind to everyone.

Madeleine Tuckfield-Carrano, Artists and all the team at Artsite Galleries
